

--National Service Scheme (NSS) at Sharnbasva University

The National Service Scheme (NSS) has been introduced at Sharnbasva University as an integral part of its academic programs. Since its inception, NSS has been a consistent feature in the university's activities. Students are encouraged to participate in NSS programs as part of their non-CGPA course requirements. The NSS unit comprises dedicated volunteers led by a designated NSS Programme Officer.

Each year, NSS camps are organized, enabling the university to serve numerous villages and contribute to community development. In addition to these camps, the NSS conducts regular activities throughout the year, focusing on social awareness and welfare.

Highlights of Major Activities:

- Organized annual camps to serve rural communities.
- Conducted awareness programs on health, environment, and social issues.
- Promoted initiatives like cleanliness drives, tree plantation, and no-plastic campaigns.
- Supported national and international observances, such as International Yoga Day, Independence Day, and Anti-Terrorism Day.
- Hosted training sessions and seminars on topics like life skills, child welfare, and senior citizen support.
