

## RESEARCH AREAS

- Image processing
  - Big data
  - Networking.
  - Artificial intelligence
  - Deep learning.
  - Machine learning
  - Wireless Networks
  - Cloud Computing and Technologies
  - Service Oriented Grids
  - Computer Vision
  - Content Based Image Indexing and Retrieval.
  - Reconfiguration computing
  - Software Metrics
  - Internet of Things
  - Data Science
  - Operating System
  - Algorithms
-
