

ISTE STUDENT CHAPTER

About ISTE

The Indian Society for Technical Education (ISTE) is the leading National Professional non-profit making Society for the Technical Education System in our country with the motto of Career Development of Teachers and Personality Development of Students and overall development of our Technical Education System. Being the only national organisation of educators in the field of Engineering and Technology, ISTE effectively contributes in various missions of the Union Government. The strength of ISTE is the strong base it has in technical education institutions in the country.

ISTE has an Executive Council at National level. It has active membership of more than 128500 technical teachers, 535000 student members, more than 2740 institutional members (including IITs, IISc., NITs and other leading technical institutions), 1414 faculty chapters and 1505 students' chapters at National level and 19 Sections at State Level.

The major objective of the ISTE is to provide quality training programmes to teachers and administrators of technical institutions to update their knowledge and skills in their fields of activity and to assist and contribute in the production and development of top-quality professional engineers and technicians needed by the industry and other organisations.

ISTE STUDENT CHAPTER KA-161

The ISTE (Indian Society for Technical Education) Student Chapter was established in 2022 with the aim of providing students a platform to enhance their technical knowledge and professional skills. Since its inception, the chapter has organized numerous workshops, seminars, technical competitions, and skill-building activities that help students stay updated with the latest advancements in technology. Every year, the institute enrolls new student members, offering them access to valuable resources, events, and networking opportunities. In addition to these benefits, the chapter recognizes outstanding student contributions and achievements by awarding the prestigious Best Student Award annually. This award celebrates students who demonstrate exceptional leadership, innovation, and commitment to excellence, motivating others to pursue their academic and professional goals with greater determination.

Activities Conducted Under ISTE Student Chapter

Every year, the ISTE Student Chapter organizes a variety of activities to enhance the knowledge and skills of its members. These activities include workshops, seminars, and technical events that cover the latest trends in technology and engineering. Workshops provide students with hands-on experience in emerging fields, while seminars feature industry experts who share valuable insights into cutting-edge innovations. The chapter also organizes technical competitions and interactive sessions to encourage problem-solving, creativity, and teamwork among students. These events offer students an opportunity to expand their technical knowledge, build leadership skills, and network with peers and professionals, fostering an environment of continuous learning and growth.
