| Title of the Event | A three day National Conference on Recent Advances in computer Science and Engineering |
| Date of Activity held | 1st 2nd and 3rd July 2022 |
| Time of Activity | Three-day program |
| Type of Activity (Cultural/ Co-curricular/Curricular) | Co-curricular |
| Resource Person | - |
| Professional details of Resource Person | - |
| Number of Students attended | - |
| Number of Staff attended | - |
| Description of Activity | <p>The National Conference on Recent Advances in Computer Science and Engineering (RACES 2022) was organized by Department of Computer Science and Engineering, Faculty of Engineering and Technology (Co-Ed) Sharnbasva University, Kalaburagi, India. The conference was initiated in 1st 2nd and 3rd July 2022. The main aim of this conference was to bring together leading academicians, researchers, technocrats, practitioners, and students to exchange and share their experiences and research outputs on all aspects of Computer Science and Engineering. It was also meant to provide a premier interdisciplinary platform to present and discuss the most recent innovations, trends, and concerns as well as practical challenges encountered and solutions adopted in the field of Computer Science and Engineering. The committee finalized many themes that included, Advance in Array Signal Processing, Science and Technology Advances and Opportunities, Spectrum Sensing in CR Networks, Block Chain Technology, Challenges in Digital Image Processing, Wireless Networks and Image Processing. The conference preparations started with the call for abstracts; 128 abstracts were received out of which 117 were accepted. The next step was the call for papers, and out of 81 papers submitted by authors, 76 were accepted for oral presentations and 68 made its way to the Conference Proceedings. Selected research papers have been compiled and edited in the form of Conference Proceedings and published.</p> |
