Description of Activity	Visiting a Karnataka public Govt. Primary and high School Aurad(B), Kalaburagi Dist. This session, held on 19th June, 2024, played a significant role in creating awareness about sexual harassment with a special emphasis on educating the below 7 years students. The session aimed to equip students with knowledge about how to recognize and respond to sexual harassment, ultimately ensuring their safety and well-being. The session was conducted by 4th semester students, an interactive and engaging approach, and encouraging active participation from the students. Basic goals of the program 1. To engage with children on a serious topic like safe and unsafe touch 2. To educate and raise awareness on the private parts of a child's body and what safe and unsafe touch is 3. To engage the community at large to start having important conversations like these with their children to prevent future abuse. It's important to teach children early on what are the different parts of their body. What is a safe touch and an unsafe touch. What should the child do if someone touches them inappropriately? Helping children identify their trusted circle of family members and caregivers allows them to be confident about sharing any unpleasant incidences.
