
STUDENT TESTIMONIALS

Ms. Harsha

Spending 16 years at Sharnbasva, from my first standard to B.Tech., has been one of the greatest privileges of my life. This institution gave me far more than an education — it shaped my values, discipline, confidence, communication, technical skills, and character. Every corner of the campus holds countless memories, and today, as a proud employee of a leading MNC, I owe my achievements to the strong foundation laid by my teachers, my institution, and my mother, whose unwavering support has been my greatest strength.

Joining Godutai Engineering College for Women was a turning point in my life. I sincerely thank Dr. Sujata Mallapur Ma'am for guiding me towards the AIML branch and inspiring me through her leadership and professionalism. I am equally grateful to every faculty member — Sridevi Ma'am, Rashmi Ma'am, Nirupama Ma'am, Ayesha Ma'am, Swathi Ma'am, Supriya Ma'am, Ratnakala Ma'am, Priyanka Ma'am, Bannama Ma'am, Laxmi Ma'am, Ambika Ma'am, Siddamma Ma'am, Gangambika Ma'am, Pooja Ma'am, and all my lecturers — for their guidance, patience, encouragement, and constant belief in their students. Each of them has contributed to my journey in a unique and meaningful way.

My heartfelt thanks also go to our non-teaching staff, department helpers, IBM Cognitive trainers, and everyone who worked tirelessly behind the scenes to provide us with an excellent learning environment. The well-equipped labs, library, classrooms, and the unwavering support of the institution have played a significant role in shaping my future.

I will always remain proud to be a Sharnbasvian. The knowledge, values, and memories I gained here will stay with me for a lifetime, and I will forever be grateful to this institution and everyone who made my journey truly unforgettable.

Ms. Deepti Patil

I, Deepti Metri, completed my Bachelor of Technology (B.Tech.) in Artificial Intelligence and Machine Learning from Godutai Engineering College, Sharnbasva University, Kalaburagi. My college provided me with a supportive and motivating learning environment where the faculty members were always approachable and ready to guide students. Their encouragement and mentorship helped me strengthen my technical knowledge and improve my problem-solving, programming, and project development skills.

Through practical learning, workshops, internships, and academic projects, I gained valuable knowledge, hands-on experience, and confidence. My journey at Godutai Engineering College played a significant role in my personal and professional growth, preparing me for a successful career in the field of Artificial Intelligence and Machine Learning.

Ms. Vaishnavi Soma

Successfully completed my degree with gratitude for the invaluable support and guidance received throughout my academic journey. I sincerely thank our Dean, Head of the Department, faculty members, and staff for their continuous encouragement, mentorship, and dedication in shaping my knowledge, skills, and professional growth.

A special milestone of my academic journey was my internship at DRDO, where I gained hands-on experience in a research-oriented environment, enhanced my technical expertise, and learned the importance of innovation, teamwork, and discipline. This experience strengthened my passion for engineering and prepared me for future professional challenges.

I am proud to have been a part of this institution and will always cherish the knowledge, experiences, and memories gained during my academic journey.
